Title/ Titre:	Motion to support Trade Union Activists in Poland Adopted unanimously by FEMS General Assembly		
Author/Auteur:	Dr Ryszard Kijak, Dr Stanislaw Urban (OZZL)		

The European Federation of Salaried Doctors (FEMS) during its General Assembly Meeting in Catania (Sicilia, Italy) 30.09.-01.10.2011 decided to give full support to doctors in Poland who are Doctors' Trade Union of Poland (OZZL) activists and who were fired and still are as a result of the political action made by employers against trade union activist of OZZL. Especially this situation occurs in Upper Silesia (slaskie voivodeship). FEMS firmly protests against such practices.

The related action is that OZZL warns citizens about the danger connected to privatization of health care plants (mostly: hospitals) in Poland. There is no possibility to solve serious medical problems and working conditions of doctors without two-side agreement between employers (or the Ministry of Health) and doctors' trade union.
