Title:	Motion SIP-SPH - adopted 1st October 2011 by FEMS Genral Assembly in Catania/ Italy		
Authors:	Yves Boudart		

**FEMS protests against the dismissal of a psychiatrist at the Hospital Sainte Marie in Nice.
The reason given by the management is the non-prescription of an isolation in a closed room for security reasons (and not medical ones) of a mentally ill person also subject to criminal proceedings.**

FEMS reminds that doctors can and should be accountable only for their prescriptions, made in the interest of the patient according to the clinical rules which are their competence.
